## Child Care Business Services

Child Care Consultants provide assistance to child care businesses on licensing and registration for homes, centers and preschools. Consultants also assist child care providers in developing policies and procedures, learning about the social-emotional needs of children and preparing an application for Iowa Quality for Kids (IQ4K®). IQ4K® provides five levels of quality that programs can achieve and continue to improve on. CCR&R offers training designed to help meet licensing and registration requirements, resources for boards and business support. If you have a question, our Child Care Consultants can help you find an answer.
